### Professional Summary

Passionate and detail-oriented Web Designer & Front-End Developer with strong skills in WordPress, HTML, CSS, SCSS, and JavaScript. Experienced in building responsive, user-friendly, and performance-optimized websites. Skilled at combining aesthetics and functionality to deliver digital experiences that enhance user satisfaction and achieve client goals. Currently seeking opportunities to apply my expertise through jobs and international internship programs, while further expanding my technical knowledge and global exposure.

### Skills

- Web Technologies: HTML5, CSS3, SCSS, JavaScript, WordPress
- Design: Responsive Web Design, UI/UX Principles, Accessibility Best Practices
- Tools: Git/GitHub, VS Code
- Optimization: Basic SEO, Performance Optimization, Cross-Browser Compatibility
- Soft Skills: Problem-Solving, Adaptability, Strong Communication, Team Collaboration

### Experience

#### Independent Web Designer / Developer

Remote | 2024 – Present

- Designed and deployed a multi-page website (Home, About, Services, Gallery, Booking, Contact).
- Customized layouts, implemented animations, and optimized image performance.
- Built responsive, mobile-friendly websites ensuring accessibility.
- Exploring modern JavaScript techniques and frameworks.

### Projects

- Portfolio Website: Showcasing design work and projects (HTML, CSS, JavaScript).
- Business Website: WordPress-powered demo site with booking functionality.
- Creative Landing Page: Responsive design, SEO optimized.
